FILIPINO POLICY MADE ROARING JOKE

Time Honored Ditty "Damn,
Damn, Damn the Insurrec-
tors" Produces Inquiry
which Falls Like Bombshell

(By Leased Wire to Evening Herald.)
Washington, Dec. 15.—Pres-
ident Wilson today ordered an in-
vestigation by the war and navy
departments of the entire com-
position of the Philippine policy
which, according to the annual
report of the Philippine commis-
sioner, was made public last
Thursday. The commission
of the Philippines, which was
formed in 1902, is the highest
authority on the island. Pres-
ident Wilson suggested to Sec-
retary Daniels and Secretary
Garrison that they should re-
view the entire Philippine
policy.

Secretaries Daniels and Garrison
conferred early today and called
for a statement of explanation from
Admiral Henshaw and Quartermaster
General Acheson, the highest rank-
ing officers at the dinner.

Secretary Daniels at the same time
suggested to Admiral Henshaw that
he decline the presidency of the
order, to which he was elected last
Thursday, and inform him that the
insurrection, which was made
public last Thursday, was a
roaring joke. The president
expressed his indignation
at the members of his cabinet
after he had read published
accounts of the banquet.

FIGHT ON CUT IN SOUTH'S DELEGATES

Ormsby McHarg Prepares a
Brief Against Right of Com-
mittee to Call Extraordi-
nary Session.

(By Leased Wire to Evening Herald.)
Washington, Dec. 15.—Some mem-
bers of the 11-publican national com-
mittee as had arrived here today
indicated almost an even division
of sentiment on the questions of
party re-organization, which are to
be taken up in conference beginning
tomorrow. The forces opposed to an
extraordinary convention were lining
up against the proposed reduction
of southern representation. Some com-
mittee members regarded it as probable
that before actual work of the com-
mittee begins tomorrow there will be
three divisions of opinion. In the
first place, the committee members
who favor the calling of a
convention immediately, in the
second, the members who are
opposed to any convention at all, and in
the third, the members who are
opposed to a national convention, but
do not see any pressing need for it.

The first and third groups are
expected to join against the second
and the odds are said to be in favor
of a national convention. According
to predictions of Chairman Hilles
probably will thrust out its differ-
ences in open session and the ad-
vances of all proposals will be
opportunities to give their arguments
in public.

In addition to the members of the
committee, who expected to speak,
Ormsby McHarg has asked for a
hearing.

Mr. McHarg is understood to have
prepared a brief against the right
of the national committee to call an
extraordinary convention. Chairman
Hilles today said that he was not
tempting to use the power of his
position for either contention and holds
to the view that it is a question to
be settled by a majority of the com-
mittee.

Informal conferences between com-
mittee members marked the day, but
the real work will begin tonight when
the entire committee will be gathered
in the new system of regional
divisions. All factions are expected
to have a clearer understanding of
the situation when it is over.

Aside from purely legal arguments
concerning the right to call a
national convention is being made,
by committee members who do not
believe that a national convention
can be made of the primary ma-
chinery provided in several states
today by the military authorities.

AFTER LOSS OF THOUSAND MEN REBELS FIND CAPTURE OF TAMPICO FROM FEDERALS HARD JOB; SON OF MILLIONAIRE IS HELD FOR RANSOM

(By Leased Wire to Evening Herald.)
Washington, Dec. 15.—Brigadier
General Bliss, commanding the bor-
der patrol, reported to the war de-
partment today that he had reason
to believe that any loss to foreigners or
damage to their property, caused by
Villa's troops would be made known.
General Bliss added that General Carranza
had dispatched an agent, Felix
Sommerfeld, to General Villa, with
dispatches directing respectful treat-
ment of foreigners and if necessary
would visit Villa himself. His atten-
tion to reports of threats against
foreigners in Chihuahua City by Villa, and ex-
pected to learn from American Consul
Letcher details of what had taken
place since Chihuahua was evacuated
by the federals.

As much as there has been difficul-
ty in communicating by telegraph
with Chihuahua City, American Consul
Letcher at Juarez, has sent a
messenger by automobile to get
details of events there. From Consul
Letcher, until a report is received
from the latter no formal comment
is expected here.

George C. Carothers, former con-
sular agent at Torreon, notified Sec-
retary Bryan that he would leave El
Paso at once for Chihuahua, where
he goes as the special envoy of the
state department to protest against
harsh treatment of Spaniards there
by General Villa. Because of Carothers'
long acquaintance with Villa it
was felt he would have considerable
influence with the rebel leader.
